

Payoff Estimator (1/3)

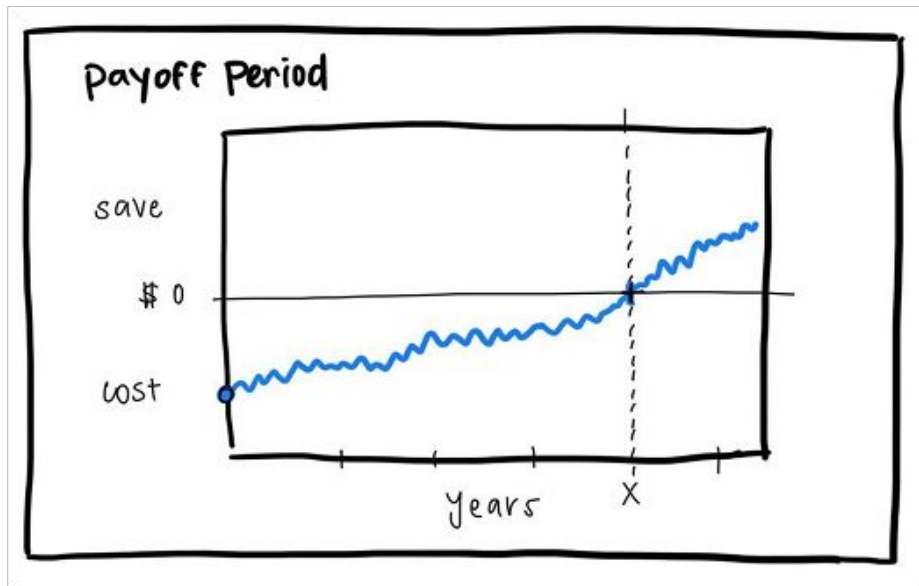

1) First, you choose a V2G schedule you are interested in following.

Choose a V2G Schedule

Sa, Sun , 6-9 P.M.	savings/yr : \$
MTWTF , 6-9 P.M.	savings/yr : \$\$
Every day, 6 - 9 P.M.	savings/yr : \$\$\$

Payoff Estimator (2/3)

2) Using the schedule you choose at the beginning, you will see a graph that estimates the amount of time before you pay off initial equipment costs and start earning on V2G.

Payoff Estimator (3/3)

3) You can get a better sense of how long you might need to participate before breaking even on installation costs and can decide whether that timeline would work for you.
